## Independent auditor's report

To the Management and Founders of  
Charitable Organization "Charitable Foundation "Klitschko Foundation"

### Opinion

We have audited the financial statements of Charitable Organization "Charitable Foundation "Klitschko Foundation" (the Foundation), which comprise the statement of financial position as at 31 December 2021, and the statement of comprehensive activities, statement of changes in funds and statement of cash-flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Foundation as at 31 December 2021 and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Foundation in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Ukraine, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Material Uncertainty Related to Going Concern

We draw attention to Notes 2 and 11 to the financial statements, which indicates that since 24 February 2022, the Foundation's operations have been negatively affected by the ongoing military invasion of Ukraine, with the magnitude of further developments or the timing of their cessation being uncertain. These events and conditions, along with other matters as set forth in Note 2, indicate the existence of a material uncertainty that may cast significant doubt on the Foundation's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

### Responsibilities of management and Supervisory Board for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, and for such internal control as management determines

is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Supervisory Board is responsible for overseeing the Foundation's financial reporting process.

#### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Supervisory Board regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## 1. General information

The Charitable Organization "Charitable Foundation "Klitschko Foundation" (hereinafter – the "Foundation") is the All-Ukrainian charitable organization that was founded on 13 August 2003 by private persons – Vitali and Wladimir Klitschko. It is focused on the implementation of projects in the sphere of sport, education and active citizenship.

The mission of the Foundation is to develop civil society in Ukraine. By means of non-formal education, teenagers and young people are able to master their XXI century skills, adopt a healthy lifestyle, become eco-conscious, learn to use a project approach in their life, studying, and future profession. The alumni organize further educational activities for peers and colleagues, becoming the ambassadors of change in their communities.

The Foundation is engaged in fundraising in three main directions:

- the contributions of founders and private donors;
- partnership with Corporate Social Responsibility programs of profitable organizations;
- grants.

Major charitable and social projects of the Foundations in 2021 and 2020 and their beneficiaries were as follows:

Educational projects:

- ▶ *Project "School of Success"* is an educational project for 14-15 y.o. teenagers, that want to become socially active. The participants learn the skills of the XXI century through lectures, trainings, seminars and workshops from the leading specialists of different professions and areas of expertise. During the project adolescents make preparations to realize their project called "The Local School of Success" in their communities. The aim of the project is to develop professional and life skills of teenagers that will help them to reach success in their lives.
- ▶ *Project "Zero Waste School"* is a project aimed to non-formally teach students, teachers and principals to implement a waste-sorting culture and an eco-friendly lifestyle at their schools and community. After the project, graduates must implement a local project and become environmental ambassadors in their city.
- ▶ *Project "Internship"* is a project for university students is designed to provide young people with the opportunity to experience all stages of employment: from interviewing to receiving recommendations for their next job. The internship at the Foundation gives the participants the chance to make a conscious choice of the future profession. In addition, the program promotes the practice of internships for students in Ukraine. The project was conducted in 2020 but in 2021 the project was suspended due to becoming a part of KF-HUB project.
- ▶ *Project "ProCharity"* is a project for representatives of charitable and non-profit organizations seeking to increase the level of professional training. The purpose of the project is to provide knowledge and skills to employees of the charitable and non-profit spheres for the introduction of the principles of good governance in their organizations, to create a network of acquaintances for the exchange of experience and cooperation.
- ▶ *Project "Teenovation"* is a project for teenagers who study in 8-11 grades and seek to gain knowledge of entrepreneurship, design thinking, business modeling, teamwork, fundraising and presentation of their own ideas. During the project, participants, with the support of mentors and experts, in teams created and improved their own business ideas and presented them at the final pitching. The project was conducted in 2020 but in 2021 the project was suspended due to due to becoming a part of KF-HUB project.
- ▶ *Project "Skills Elevator"* is a project for teenagers who study in 10-11 grades and seek to improve their communication skills, design, critical and creative thinking, storytelling and copywriting. Through lectures, workshops, group classes, teenagers learned about the peculiarities of the field of communication, and participants who showed motivation had the opportunity to gain practical skills while volunteering in the communications department of the foundation. The project was conducted in 2020 but in 2021 the project was suspended due to becoming a part of KF-HUB project.
- ▶ *Project "Success Packages"* is a project is designed to develop and support sport in Ukraine. The project's goal is to teach physical education teachers modern effective methods of teaching sports and to engage students in active lifestyles, sports, both at and beyond school.
- ▶ *Project "Start to Success"* is a project with the purpose to create necessary conditions for physical education, harmonious development and personality formation of Ukrainian youth, through the restoration of facilities and equipment of Children and youth's sports schools of Ukraine.

(in thousand hryvnas)

## 1. General information (continued)

Active citizenship projects:

- ▶ *Project "Realms of the Future"* is a philosophical seminar for teenagers aged 14-15 studying in the 10th grade. The seminar helps to learn to think critically, to express one's own opinion and respect the position of the interlocutors, to form goals for the future and to determine one's life path.
- ▶ *Project "KF – Hub"* is an online project created for the foundation's community, which provides an opportunity to hold one's own events, attend educational lectures, get together to talk about successes and challenges, develop professionally and personally: meet with experts for consultations, improve soft and hard skills during internships and mentoring.
- ▶ *Project "Challenge Academy"* is an international educational project for 14–16-year-old teenagers from Ukraine and Germany seeking to learn how to tackle challenges effectively, become eco-conscious and develop leadership skills. The project was suspended in 2020 due to Covid-19 but in 2021 the project was resumed.
- ▶ *Project "Democracy Hub"* is a project to establish a Democracy Hub in Kyiv as a space to promote democracy amongst Ukrainian youth and to inspire the future leaders of the country. The Hub aims to improve youth interests in society, politics, democracy, independent media, human rights, ecology, and to enhance youth leadership and active citizenship.

International cooperation projects:

- ▶ *Project "Okhmatdyt – Lviv"* is a project aimed to provide the hospital with high-quality equipment that will reduce the number of new diseases and the spread of bacteria inside the hospital.
- ▶ *Project "The Study Visit for Grassroot Trainers"* is an international project for physical education teachers, representatives of sports organizations and coaches, which motivates participants to develop their professional skills, gives them the opportunity to share experiences with colleagues, create a network of acquaintances to spread ideas and knowledge.

## 2. Basis of preparation

These financial statements have been prepared on a historical cost basis. The financial statements are presented in Ukrainian hryvnia ("UAH") and all values are rounded to the nearest thousand unless otherwise indicated. These financial statements were authorized for issue on 2 September 2022.

Statement of Compliance

The financial statements of the Foundation have been prepared in accordance with International Financial Reporting Standards (IFRSs) as issued by the International Accounting Standards Board (IASB) and interpretations issued by the International Financial Reporting Interpretations Committee ("IFRIC") of the IASB and Standing Interpretations Committee ("SIC") interpretations approved by the International Accounting Standards Committee ("IASC") that remain in effect.

Going concern

In February 2022, the Russian Federation launched a full-scale military invasion of Ukraine, which led, inter alia, to a significant decline of business activity, considerable damage to infrastructure and disruption of logistics. As the war is ongoing, the precise measures of the damage to the Ukrainian economy cannot be reliably estimated, but according to the World Bank, the hostilities will lead to a severe contraction of GDP.

After the forced temporary suspension of activities, starting from April 1, 2022, the Foundation decided to open a new direction of activity - humanitarian aid, also starting from April 15, 2022, the Foundation resumed the work on projects that were planned for 2022 in the online mode.

As of the current date, the Foundation is fully launching 4 projects - "Democracy Hub", "Zero Waste School", "Play for Equality", "Anti-Doping", and also continues to provide humanitarian aid. In the conditions of the war, the Foundation started new projects where international, as well as local partners cooperate with the Foundation to support children and teenagers in Ukraine, also new projects are being developed to provide psychological assistance, charity evenings are held, where funds are collected to support children and teenagers through the Foundation. During the 4 months of the war, the donations of more than 40 million hryvnias were collected.

(in thousand hryvnas)

## 2. Basis of preparation (continued)

### Going concern (continued)

Taking into consideration the existing agreements with project partners and the status of negotiations on new contracts, as well as the availability of the Foundation's endowment in the amount of UAH 26 million, the management expects that the organization will be able to conduct its activities during at least the next twelve months from the date of approval of these financial statements at its own expense, even in case of no additional receipts. In view of the very extensive support of the Foundation by international organizations and partners, the activities of the Foundation will be secured for the coming years. The Foundation's activities will be in great demand in any period of time as they are related to children, teenagers, parents and teachers of Ukraine regardless of the location of these target audiences.

In order to continue the fulfillment of all partnership agreements on the projects, the Foundation revised the conditions for projects conducting, specifically, changing of the projects' location to safer areas, conducting projects online, and sometimes changing projects timing. In order to carry out the projects in the online mode, the Impactum digital platform was created in 2021, which provides all the opportunities for high-quality and full-fledged continuation of activities.

Management has revised its donations and grants receipts forecasts and cash flow estimates, and based on the analysis performed, the management concluded that the Foundation will have sufficient operating cash flow to conduct its operations in the foreseeable future. Therefore, the Foundation's management believes that the going concern basis is appropriate for the preparation of these financial statements. However, the scale and impact of the war on the significant assumptions underlying management plans are currently unpredictable. At the same time, the timing of the termination of the invasion and its impact remains uncertain. Therefore, the Foundation's management believes that there is material uncertainty that may cast a significant doubt on the Foundation's ability to continue as a going concern and, therefore, the Foundation may not be able to continue implementation of its projects.

## 3. Summary of significant accounting policies and estimates

### Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term deposits with an original maturity of six months or less. Their carrying values equate to fair value by reason of their short-term nature. In case prolongations of the original deposit agreement exist, that is treated as a new agreement for original maturity estimation.

### Inventories

Inventories represent goods and sport equipment that will be subsequently used in charitable and social projects implementation.

### Revenue and expenses recognition

Revenue is recognized when expenses directly related to the specific projects are incurred.

Expenses are recognized when a decrease in future economic benefits related to a decrease in an asset or an increase of a liability has arisen that can be measured reliably.

### Funds

*Restricted project funds* are advances by donors to fund specific projects or a collection of projects. The balance represents the unspent portion at the year-end. The advanced funds will be spent over the remaining lives of the projects. A restricted project is undertaken only when the planned funding requirement has been received.

*Unrestricted project funds* have been allocated in line with the budget of the Foundation.

(in thousand hryvnas)

#### 4. Application of new and revised international financial reporting standards

The Foundation applied for the first-time certain standards and amendments, which are effective for annual periods beginning on or after 1 January 2021. The Foundation has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

The following new interpretations, amendments and improvements have been adopted by the Foundation for the first time to the financial reporting periods commencing or after 1 January 2021:

- *Interest Rate Benchmark Reform – Phase 2: Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16*
- *Covid-19-Related Rent Concessions – Amendments to IFRS 16*

The adoption of the interpretations, amendments and improvements has no material impact on the financial statements of the Foundation.

#### 5. Expenditure

	<u>2021</u>	<u>2020</u>
Social purpose activities	6,426	9,226
Payroll and related expenses	1,836	1,526
Other expenses	2,193	1,356
	<u>10,455</u>	<u>12,108</u>

Social purpose activities are expenses on third parties with purposes that aim to advance social benefit and include also expenses on increasing the awareness of potential beneficiaries about the Foundation's projects. The social purpose is advanced through the provision of goods and services to beneficiaries and the public. The list of major charitable and social projects of the Foundation is presented in Note 1.

Payroll and related expenses refer to employees engaged in charitable and social projects activities and management, and employees engaged in general management and maintenance of the Foundation.

Other expenses mainly comprise depreciation expenses, rent of office and its maintenance, preparation of the yearly report, audit, and other professional services.

#### 6. Inventories

	<u>2021</u>	<u>2020</u>
Project "Success Packages"	48,390	6,264
Project "Study Visit for Grassroot Trainers"	22,191	-
Project "Challenge Academy"	14,702	-
Project "Football for everyone"	8,635	-
Project "KF- HUB"	3,970	-
Other projects	6,292	6,292
	<u>104,180</u>	<u>12,556</u>

(in thousand hryvnas)

## 7. Cash and cash equivalent

	<u>2021</u>	<u>2020</u>
Short term deposits	26,000	24,000
Cash in bank and in hands	<u>2,020</u>	<u>4,809</u>
	<u>28,020</u>	<u>28,809</u>
Denominated in the following currencies:		
	<u>2021</u>	<u>2020</u>
Ukrainian hryvnas	26,392	24,293
EUR	1,356	4,516
USD	<u>273</u>	<u>-</u>
	<u>28,020</u>	<u>28,809</u>

## 8. Operating environment and economic conditions

The Foundation conducts its operations in Ukraine. The Ukraine's economy is dependent to a large extent on the state of the global economy. In the recent years, Ukrainian economy demonstrated a consistent moderate growth (2.4-3.4% per annum), except for 2020 when GDP declined by 4% on the back of Covid-19 pandemic and related restrictive measures adopted in Ukraine and abroad.

In 2021 the GDP increased by 3.1% with private consumption being the main driver of growth. It has been supported by 10.5% rise in real wages and by the increased remittances. Favorable external demand for Ukrainian commodities coupled with soaring prices led to a considerable increase of hard currency revenues and appreciation of hryvnia, which ended at UAH 27.2782/US\$ as at 31 December 2021, after reaching a seven-year low in the end of January 2021.

The main constraints affecting the economic development of Ukraine were historically represented by lack of the clear consensus as to the directions of the institutional reforms, low level of capital inflow and continuing tensions in geopolitical relations with the Russian Federation, which in 2022 escalated into a full-scale military invasion of Ukraine (Notes 2 and 11).

In 2021 the geopolitical instability has had little impact on the economy and country-wide purchasing power.

As a result of military invasion by the Russian federation that was launched on 24 February 2022 and is continuing, there were significant changes in operating environment and business conditions as discussed in Note 2.

## 9. Tax and other regulatory compliance matters

The Foundation has the status of charitable non-for-profit organization that is generally exempt from the income tax and other taxes, which would otherwise be applicable to their activities, including passive income earned, subject to their continued compliance with this status.

Management believes that its interpretation of the relevant applicable legislation is appropriate and that the Foundation has complied with all regulations and continues to maintain their non-for-profit status. All due statutory withholdings, including employment related taxes have been paid timely and properly. At the same time, it is possible that transactions and interpretations that have not been challenged in the past may be challenged by the authorities in the future, although this risk significantly diminishes after with passage of time. It is not practical to determine the amount of unasserted claims that may manifest, if any, or the likelihood of any unfavorable outcome.

## 10. Commitments and contingencies

### Legal

In the ordinary course of activities, the Foundation may become subject to legal actions and complaints. Management believes that the ultimate liability, if any, arising from such actions or complaints will not have a material adverse effect on the financial condition or the results of future operations of the Foundations.

*(in thousand hryvnas)*

## 10. Commitments and contingencies (continued)

### Appropriation of donations (continued)

Prior to entering into the projects, management evaluates the compliance of the proposed projects with the statutory goals of the Foundation as well as with the statutory requirements for the charitable and non-for-profit activities. Further, in course of the projects' implementation, management monitors, to the extent practical and possible, their alignment with the declared goals based on the reports and other documentation provided by the other participants of the projects and donation recipients as well as selective inspections.

However, because of the limited ability of the Foundation's management to assess and monitor eligibility and actual appropriation of the funding by the other project participants and the end recipients, misappropriation of the funds extended to the projects by the Foundation may take place and not be detected. As with other contingencies, management believes that the ultimate liability of the Foundation arising from such cases, if any, will not have a material adverse effect on the financial condition or the results of future operations of the Foundation.

## 11. Subsequent events

On 24 February 2022, the Russian Federation invaded Ukraine and launched missile, ground and sea operations across multiple fronts, including Kyiv. Multiple infrastructure and industrial facilities have been damaged, and Ukraine's economy is negatively affected. General mobilization to the Armed Forces was declared and is underway.

For the Foundation's assessment of the impact of this matter on its operating activities, refer to Note 2.
